Hi 😊,

I'm a Frontend developer based in Argentina with 1 year and 6 months of experience developing web applications with **React** and **Node.js**.

In my previous role, I collaborated in developing and maintaining a web application that allowed users to manage the HR hiring process, client projects, payments, and, developer profiles.

My ability to work well in a team and as an enthusiastic and motivated developer makes me a valuable addition to your team.

Thank you for considering my application.

Sincerely,

Ezequiel Castellanos
